

CSF

Campus Science Support
Facilities GmbH

The **Vienna Drosophila Resource Center (VDRC)** maintains a worldwide unique collection of 36,000 *Drosophila melanogaster* stocks, which we make use of for our own research projects and also distribute to other research groups world wide. The VDRC joined the **Campus Science Support Facilities (CSF)** in March 2011 and has become part of Austria's first long-term funding for research infrastructure.

We are currently seeking a

**Technical Assistant Drosophila Facility (m/f)
(38 hours/week) temporary for 3 months**

to join our transgenic *Drosophila* facility and help maintain the fly stocks. The successful candidate will join a diverse and expanding team of international technicians and scientists

The ideal candidate should have the following skills and experience

- Good interpersonal skills
- A focused and well-organized working style
- The ability to work both independently as well as in a team are essential
- Good command of German and English is a must
- Work experience in a scientific environment is advantageous

We offer:

- A friendly and international environment
- Flexible working hours
- A competitive salary & benefits package

Starting date is the 1. October 2015

Salary € 1.800 gross/month

Applications including a detailed CV, cover letter, picture and certificates should be sent by email to office@vdrc.at
