

We grow since more than
35 years strongly above average.
Grow with us!

At **BIOMIN** we harness the power of science to support animal health and performance. By applying state-of-the-art and proprietary technology we deliver natural, sustainable and profitable solutions to the livestock industry. For over 30 years we have pioneered innovative solutions for mycotoxin risk management and gut performance. **BIOMIN is part of ERBER Group.**

As member of the Analytics team in Biomin Research Center in Tulln, you will work on interdisciplinary projects with international teams, experts with diverse scientific backgrounds.

RESEARCH ASSOCIATE - ANALYTICS (M/F)

These are the tasks we trust in you:

- Plan, conduct and report experiments in order to improve existing methods (GS-MS, GC-FID) and develop new methods
- Interpret and analyze results, document experiments
- Present results in team meetings and at conferences
- Maintain instruments
- Guide the laboratory tours (visitors)
- Supervise students during summer internships

To leave real 'foodprints' with us you need the following skills:

- Bachelor or Master degree in natural sciences (e.g. Chemistry, Biotechnology)
- Experience with analytical methods or strong interest in learning GS-MS/LS-MS methods
- Strong problem solving and analytical skills
- Ability to work autonomously as well as in a team
- Being structured, accurate and self-initiative
- Very good English skills, German is an advantage

What do we stand for? We are Pioneers, Partners and Performers!

- 100% of our trust in advance
- Internal and external education and training, participation at scientific conferences
- Top-notch teams and leading-edge technology
- Exciting and challenging tasks
- Unique company culture, broad diversity and flat hierarchies

Here are some more good reasons to work for us.

What else to know?

- Reference Number: 166
- You will be based at Tulln (Austria)
- Your type of employment: full time (38,5 hours/week)
permanent contract
- Based on your classification in our ERBER Group career model, your professional experience and your qualification, we offer you an attractive total compensation package starting at € 35.000 gross p.a. (full-time incl. fix and variable components)

For us, 'leaving foodprints' means:

Are you ready to leave real 'foodprints' with us? We are looking forward to your online application.
