

Where do scientists work with  
top-notch teams and  
leading-edge technology?

Do you have what it takes to drive growth in the livestock feed industry? We are as of now looking for the right woman or man to successfully lead BIOMIN as full-time colleague on its future path as

## Research Associate (m/f)

Tulln (Austria) / Job #10661

### These are the tasks we trust in you:

- Management and coordination of a research project involving phytochemical substances
- Prepares presentations and oversees experiments and trials
- Manages worldwide industrial and academic collaborations
- Contributes to the publication of scientific publications and/or patents
- Participates in internal technical review meetings and external scientific congresses
- Conducts literature search on technologies and scientific fields

### For Scientists that want to make an effective mark, we are the best place to be. Are you ready?

- PhD in natural sciences
- Minimum 5 years experience with testing and/or biotechnological active ingredient production
- Experience in animal welfare, health and application of phytochemical substances
- Project management experience desirable
- Experience in in vitro experiments desirable
- Excellent command of English and experience in MS-Office

### We are Pioneers, Partners and Performers. That means for you:

- 100% of our trust in advance
- Top-notch teams and leading-edge technology
- Unique company culture, broad diversity and flat hierarchies
- Well-established, developing and new markets
- An enterprise in a group of companies with strong sales and growth during the past 30 years

Due to legal requirements we have to state that the minimum salary for this position is EUR 38.000,- gross per year (full-time). Our actual remuneration packages are in line with attractive market salaries.

At **BIOMIN** we harness the power of science to support animal health and performance. By applying state-of-the-art and proprietary technology we deliver natural, sustainable and profitable solutions to the livestock industry. For over 30 years we have pioneered innovative solutions for mycotoxin risk management and gut performance. BIOMIN is part of ERBER Group.

Are you ready to leave your footprint with us at BIOMIN?

We are looking forward to your online application: [Research Associate \(m/f\) / Job#10661](#)
