

Grow with us. Support excellent research.

IST Austria is a constantly growing international institute for conducting frontier research in the life, physical, and formal sciences, located in Klosterneuburg on the outskirts of Vienna. As employees of the administration and the scientific service units, we strive to support IST Austria's scientists in performing excellent research.

Technical Assistant (f/m)

FULL TIME

We are looking for a technical research assistant to join the team of Professor Anna Kicheva working on vertebrate nervous system development. We seek motivated candidates with expertise in molecular biology to support research activities in the lab. Apply now and benefit from a dynamic environment of an enthusiastic international new research team. We offer opportunities to develop new tools and techniques and be involved in organising and supporting an interdisciplinary research program.

Responsibilities

- Provide molecular biology support, including design and generation of transgenic cell and mouse lines, next generation sequencing techniques, protein expression
- Assist with cell and tissue culture
- Oversee the maintenance of mouse colony
- Organize and maintain smooth functioning of the lab, train new lab members

Requirements

- University degree or training as MTA/ CTA/ BTA in molecular biology or related field
- Laboratory work experience in molecular biology, developmental biology or related field
- Excellent organisational and communication skills
- Ability to work independently, while also supporting a collaborative team
- Very good command of English

IST Austria

- Offers challenging positions in a dynamic and growing organization
- Supports learning and development
- Provides flexible working times and numerous fringe benefits
- Promotes an international and open culture
- Supports an appreciative and respectful work environment
- Values diversity and is committed to equality
