

Grow with us. Support excellent research.

IST Austria is a constantly growing international institute for conducting frontier research in the life, physical, and formal sciences, located in Klosterneuburg on the outskirts of Vienna. As employees of the administration and the Scientific Service Units, we strive to support IST Austria's scientists in performing excellent research.

Technical Assistant (f/m)

PART TIME (20 HOURS)

The Neuroscience research team of Professor Dr. Peter Jonas works in the field of cellular neurobiology and synaptic transmission. The Jonas Group wants to quantitatively address the mechanisms of synaptic signaling. To achieve this, they use multiple-cell recording, subcellular patch-clamp techniques, Ca^{2+} imaging, modeling, and molecular biology. We are looking for a Technical Assistant to support the group in the organization of the lab as well as scientific work.

Responsibilities

- General laboratory support and organization (purchase of goods, documentation etc.)
- Preparation of buffers and solutions
- Immunocytochemistry (including DAB staining)
- Tissue processing (sectioning and cryosectioning)
- Genotyping
- Imaging

Requirements

- Training as MTA/CTA/BTA or equivalent education
- Previous experience in at least one of the above techniques
- Work experience in a scientific environment is advantageous
- Very good command of English and German
- Service-orientation
- Team player with excellent communication skills

IST Austria

- Offers challenging positions in a dynamic and growing organization
- Supports learning and development
- Provides flexible working times and numerous fringe benefits
- Promotes an international and open culture
- Supports an appreciative and respectful work environment
- Values diversity and is committed to equality
