

Where do product managers develop regional solutions for global food issues?

Do you have what it takes to develop the future stars in our portfolio? Yes? Then join our team as

Product Manager – Phytogenics m/f

Getzersdorf (Austria) / Job #11581

These are the tasks we trust in you:

- Supporting product management for the product line phytogenic feed additives
- Implementation of marketing action plan
- Product management coordination to the processes R+D, P+P, and S+M
- Ensure and conduct training of sales team, Technical Sales Managers and distribution channels
- Product presentation at conferences, for key accounts and sales team
- Preparation of publications, print material and QM documents

In order to leave your footprint, you need the following skills:

- Passion and interest in animal nutrition
- Educational background in the agribusiness (college or university)
- Pioneer spirit and performance orientation

We are Pioneers, Partners and Performers. That means for you:

- 100% of immediate trust
- Exciting and challenging European and global tasks
- An enterprise in a group of companies with strong sales and growth during the past 30 years
- Top-notch teams and leading-edge technology
- Well-established, developing and new markets
- Unique company culture, broad diversity and flat hierarchies

Due to legal requirements we have to state that the minimum salary for this position is EUR 22.400,- gross per year (full-time). Our actual remuneration packages are in line with attractive market salaries.

At **BIOMIN** we harness the power of science to support animal health and performance. By applying state-of-the-art and proprietary technology we deliver natural, sustainable and profitable solutions to the livestock industry. For over 30 years we have pioneered innovative solutions for mycotoxin risk management and gut performance. BIOMIN is part of ERBER Group.
