

ENABLE NEW DISCOVERIES.

The Vienna BioCenter Core Facilities GmbH ([VBCF](#)) acts as a nexus for science and technology and enables scientific discoveries by its collaborative spirit and access to state-of-the-art technologies. We are seeking to expand our team with a

Core technician (f/m/d, full-time)

to support our Vienna Drosophila Resource Center team. The primary responsibility of this role is to help maintain our extensive collection of fruit fly stocks. A detailed overview of our offered services can be found on our [website](#).

Key responsibilities

- Maintenance of a unique *Drosophila melanogaster* library (currently 26.000 living strains),
- Routine examination of the *D. melanogaster* strains under the light microscope,
- Preparation of *D. melanogaster* strains for research projects,
- Collaboration in the planning and implementation of new and evolving services,
- General laboratory tasks,
- Occasional assistance in fly food cooking.

Key requirements

- Good team player with the ability to work independently,
- Scientific education and/or laboratory work experience,
- Focused and well-organized working style,
- Ability to carry out routine tasks in an accurate manner,
- Good command of English is essential, command of German is advantageous.

Your benefits

We offer an unlimited position and an attractive compensation package including subsidized access to our company crèche and kindergarten, the annual pass of the “Wiener Linien”, the VBC social & sports program and flexible working hours.

The minimum salary for this position will be 1.955 € gross per month|full-time|paid 14x per year. The actual remuneration will depend on your scientific expertise and professional experience.

Who we are

The VBCF is an inter-institutional research infrastructure that was founded to enable researchers at the [Vienna BioCenter Campus](#) to achieve their scientific goals and become leaders in their research areas. To this end, we provide access to cutting edge instruments and the combined scientific expertise and professional experience of more than 100 scientists. We are funded by the Federal Government and the City of Vienna and take pride in recovering more than 50% of our running costs via user fees.

How to apply

Please send your CV, contact details of two referees and a letter of interest to apply@vbcf.ac.at and include the reference “VDRC_CT_032023”. Interviews will be held as soon as possible. For further information about the position please contact lisa.meadows@vbcf.ac.at.

As an employer, we promote a culture of continuous learning and are committed to gender equality. Therefore, we encourage female applicants. VBCF processes your personal data in accordance with the legal data protection regulations.
