

The Lifebrain Group is one of the fastest growing laboratory groups in Europe. As the market leader in Italy, with a network spread over more than 500 locations and more than 2.000 employees, the Lifebrain Group is the largest provider of clinical laboratory diagnostics. At the end of 2020, the group expanded its range of services and opened one of the most modern Covid-19 test laboratories in **Vienna**, Austria. With more than 400.000 samples evaluated every day, Lifebrain has been able to advance the project "Alles Gurgelt!" at breakneck speed.

Are you ready to be part of something more?

We will continue to hire talented people and we are looking for:

Laboratory Technician Analytics (m/f/d) – Full- & Part-Time

As a Lab Technician your responsibilities may include:

- Working in the analytics department of the largest COVID laboratory in Europe
- Reagent preparation and aliquoting
- Operation of various fully automatic pipetting robots
- Operation of the thermal cycler
- Extraction of RNA from throat swabs or gargles
- Genotyping using allele-specific RT-PCR
- Establishment of new analysis methods

We offer on-the-job training and are looking for a candidate with these qualifications:

- Completed or ongoing studies in biology, biochemistry, molecular biology, chemistry, etc. (Relevant school education, BSc and MSc)
- Good methodological knowledge in the field of molecular biology
- Outstanding organizational skills, independent and responsible work in a team
- Excellent knowledge of German (C1) or English (C1)
- Willingness to work in shifts (3 shifts)
- Work experience desirable – but young professionals and students are also very welcome

Why work with us?

- Exciting and challenging tasks in a promising industry in a young team that surpasses itself every day
- Opportunities to help and make a difference while using the latest technological equipment
- Wiener Linien annual ticket, shuttle bus or free parking

- Free meals in the in-building cafeteria
- Gym in the building
- Free German course
- Employee Referral Program
- Free vaccination program
- We will support you in acquiring your work permit
- If a relocation is necessary we will help you
- Safety first: you will be regularly tested for Covid-19

We offer a minimum salary range of €2.400,00 - €2.900,00 gross per month (excluding allowances and surcharges) on a full-time basis. According to company policy, allowances and surcharges are well above market value. A market-compliant overpayment depending on professional experience and qualifications is a matter of course for us.

Lifebrain Covid Labor GmbH

Peter Hauser, MSc
